

ANNUAL CUT FLOWERS

Cut Flowers

After years of requests, we're now offering annuals specifically for the cutting garden. These varieties provide continuous color all season. Once mature, harvesting encourages even more blooms! Grow in full sun with regular water and fertilizer through the summer months. Support taller plants for straight stems. Pick in the cool of early morning, choosing flowers just before fully open. Cut longer stems than needed and recut at an angle under water to help them last longer. Remove any submerged foliage.

Ageratum

'Red Flint'

'Blue Planet' and 'Red Flint' are tall, upright varieties that bloom all season and attract bees and butterflies. 'Blue Planet' grows 24-30" tall, and 'Red Flint' reaches 24". Harvest when clusters show color and the first florets begin to open. Excellent fresh filler; dries beautifully. 'Red Flint' is a unique heirloom in berry tones, while 'Blue Planet' offers classic true blue.

'Blue Planet'

Ammi 'Green Mist'

A beautiful bouquet filler or standout on its own. Greenish-white flower heads reach 5-6" across on plants 3-4' tall.

Celosia 'Celway' Colors

Beautiful fresh or dried. 'Celway' produces 2-4" flower spikes on plants 30-40" tall. Highly productive. Pinch at 6" to encourage branching.

Cosmos
'Sonata White'

Cosmos Sonata Mix

Blooms all summer, and harvesting promotes branching for even more flowers. 'Sonata mix' grows 24" tall and is a blend of white, pink, red and cherry. 'Sonata White' also grows 24" tall and features crisp white blooms. Heat and drought tolerant once established.

Cosmos
'Sonata Mix'

'Blue Spire'

Larkspur 'Imperial Giant'

A cut flower industry standard with strong stems and mostly double blooms. Excellent fresh or dried. Grows to 48." Plant in well-drained areas.

'Carmine King'

'Deep Blue' 'Deep Rose'

Lisanthus 'Flare'

An elegant flower with rose-like, ruffled blooms on long stems. The 'Flare' series grows 36-45" tall and is a favorite for weddings and long-lasting arrangements. Prefers well-drained soil in full sun to partial shade.

'Perfection Yellow'

Marigolds

Colorful pom-pom blooms on sturdy stems all season. Harvest often to encourage more flowers. Selected tall varieties reach 18-24" for cutting.

'Kilimanjaro White'

Consider other plants for your cutting garden like:

Zinnias
Salvia
Fennel
Dahlias

Snapdragons
Calendula
Gomphrena

Verbena bonariensis
Dill
